To Subscribers.

To the many subscribers who have already entered into the 7 Years' Subscription Agreement we offer our warm thanks. The increased income shown under Subscriptions is largely due to them.

We shall be most grateful to all those subscribers who have *not* yet made use of the Agreement, which is for seven years or during life, whichever is the shorter period, if they will do so.

The Agreement enables the Hospital to recover the Income Tax paid on the Subscription : and it also enables Subscribers liable to Super Tax to deduct the gross amount of their Subscriptions from the income assessable for that tax.

Thus, without any extra expense to themselves, they can benefit the funds of the Hospital very materially, as is shown by the Table, calculating income tax at 5/- in the £, below :—

Nett Amount of Annual Subscription payable by Subscriber.				Income Tax recoverable by the Hospital.				Gross Amount of Annual Subscription.			
£	s.	d.		£	s.	d.		£	s.	d.	
1	1	0	...	7	0		...	1	8	0

42	0	0	...	14	0	0	...	56	0	0	
52	10	0	...	17	10	0	...	70	0	0	

During 1932 many Governors and friends of the Hospital were successful in enlisting new Subscribers for the Middlesex Hospital.

Will all our friends make, this year, a special effort to bring in new Subscribers, and ask them to make use of the Agreement, which adds so materially to the value of their support ?

THE MIDDLESEX HOSPITAL

(FOUNDED 1745)

AND

CANCER WING

(INSTITUTED 1792).

Alteration of Title of the Middlesex Cancer Hospital to the Middlesex Hospital Cancer Wing.

It having been found that the separate title of The Middlesex Cancer Hospital has led to some misconceptions and confused many of our supporters, the Court of Governors at its meeting on April 10th, 1930, resolved on the advice of the Board to revert to the old title of The Middlesex Hospital Cancer Wing.

The Report and Accounts of the two Institutions are accordingly being issued in one book.

THE MIDDLESEX HOSPITAL AND CANCER WING.

REPORT FOR 1932.

To the Court of Governors.

MY LORDS, LADIES AND GENTLEMEN,

I have much pleasure in presenting to you our Annual Report. It has been an exceedingly difficult year, but we have come through it much more successfully than at one time seemed possible. We set up an Economy Committee, consisting of equal numbers of members of the Board and of the Medical Staff, to assist the Finance Committee, and, without lowering at all the standard of service to our patients, or of our research work, very considerable savings were effected. In some cases these savings cut down work, such as that on the Photographic Record Department and its Library, which we hope the future may justify us in developing again later. Some of them were matters of "spit and polish" standards which one day we may properly be able to resume.

But all the things which we decided we must do without were of the nature, at any rate in these times, of luxuries.

We did all in our power to cut our coat according to our cloth : but that coat had to be large enough to cover our necessities, and so we made a special appeal to you and to all our subscribers, to help us. Your response made almost exactly the difference between our minimum needs and the income we could count upon to supply them. Though legacies

were rather disappointing, Donations and Subscriptions increased last year, a very wonderful tribute, I think, to the reputation of the Middlesex.

Now I cannot ask all those of you who made that special effort to do the same again this year. Some of you perhaps can do so, and all of our friends can try to interest others in our work. If those who last year could not, for one reason or another, make a special donation, will do so this year, and those who did, but can do it again, will repeat their generosity, and if all our friends, whether able to give again or not, will bring in new friends, we shall, I am confident, repeat our success of last year.

The Middlesex deserves and demands the support of the public for it has never diminished nor diluted the service it renders to the public.

Before I give you in detail our report on the maintenance of the Hospital, let me tell you how matters stand with regard to the progress of the Reconstruction Scheme.

Towards the end of last year we had to make up our minds whether we would, in view of the grave financial position, husband the balance we still held on the Reconstruction Fund, and postpone work on the final section, or go forward so far as our resources allowed.

We decided, and, I am sure you will agree, rightly, that the bolder course was the better from many points of view. We believed that we should obtain favourable terms for so much of the last section as we could put up, and we were largely influenced by the national need for stimulating productive expenditure. So we went forward, and we are happy to think that we have had a share in the increased employment recently reported in the building and allied trades.

We have adapted the national slogan, "Spend for Employment," and I expect most of you have seen in the Press photographs of the posters outside the Hospital, with their legends, "Give for Employment," "Donations Give Work To-day and Provide for the Needs of the Future." We sincerely hope that they may appeal to the public, and in promoting the circulation of money carry on also a work of both immediate and future national importance.

In-Patients.—Our total bed capacity, which includes, for statistical purposes, the beds in the Cancer Wing, was 468.

The number of patients admitted during the year was 7,996; the average cost of each in-patient per week being £4 10s. 2d., while the average stay amounted to 20.45 days and the cost of each patient £13 3s. 6d. Comparisons with the previous year may be found in the Statistical Tables on page 216.

Out-Patients.—46,779 new patients were admitted and the attendances, at 256,084, again show a marked increase. The cost of each attendance was 1/9.11d., and that of each patient 9/7.58d.

Expenditure for the year amounted to £129,386.

The Income Account, which shows a considerable decrease in legacies, came to £127,728, and the year's working closed with a deficit of £1,659, a very satisfactory ending when the difficulties occasioned by the financial stringency of the times are taken into consideration.

Among the notable benefactions received during the year were, in legacies :—

additions of much worth to the fabric is, jointly with Mr. Webb-Johnson, prepared to share the cost of carrying out the marble and mosaic work in the North Transept, to be in harmony with that in the South Transept.

The grateful thanks of the Hospital are due to the Blood Transfusion Service of the British Red Cross Society for the provision of many voluntary blood donors in cases of urgency.

We feel much indebted to Mrs. Ernest Ward and her friends for their kindness in providing jackets and woollen outfits for each child in Bernhard Baron (Children's) Ward.

The resignation of Lt.-General The Hon. Sir J. Francis Gathorne-Hardy from the Board of the Hospital, owing to his appointment as General Officer Commanding the Northern Command, has been received with sincere regret; and it is with much regret, also, that we record the resignation of Alderman Ernest Sanger whose activities on the London County Council now absorb his time. Mr. Sanger's assistance in matters relating to the administration of the Hospital has, over many years, been most helpful.

It is with much pleasure that we announce the acceptance by Captain Reginald N. MacDonald-Buchanan of a seat on the Board of the Hospital, especially as it forms a link with the donor of the Woolavington Wing for Paying Patients, now in course of construction.

We much regret to record the death of Sir Reginald H. Brade, who joined the Hospital Board in 1921.

We also record with deep regret the death of Sir Benjamin Cherry. He joined the Board of the Hospital in 1925, and his valuable advice and sincere interest in the welfare of the Hospital are greatly missed.

By the death of Mr. George Coker, the Chief Engineer, the Hospital has lost one of its most valuable officers, who had for eleven years loyally and zealously served its interests not only as Chief Engineer but also as Engineering Clerk of Works during the rebuilding operations.

It is a matter of interest to note that in the November, 1932, Examinations of the Chartered Society of Massage and Medical Gymnastics two Middlesex Hospital nurses headed the list for the whole of England, and in the Medical Electricity section one of our nurses was again at the head of the list.

It is with pleasure that we record the election of Mr. A. E. Webb-Johnson and Mr. G. Gordon-Taylor as members of the Council of the Royal College of Surgeons, and of Mr. Comyns Berkeley as Master of Midwifery of the Society of Apothecaries of London.

THE BRANCH HOSPITAL AND HULKE ENDOWED HOME (Clacton-on-Sea).—Very satisfactory conditions continued to prevail at our Convalescent Home during the year under review, for the number of patients treated, as compared with those of 1931, increased by 44, the total being 1429. This number includes 101 children and 84 mothers with young infants.

In addition, while the amenities provided have in no way been reduced, there is a further reduction in expenditure, and this, with an increased sum voluntarily given by the patients during the year, considerably lightened the burden on the Hospital funds.

ALL HELP LEAGUE.—The receipts of the All Help League have been less affected by the prevailing depression than might have been expected, though they regrettably show a decrease, compared with the previous year, of £179 15s. 10d. The total income from subscriptions and collections, however, amounted to the notable sum of £1,237 13s. 5d.

At the Annual General Meeting, at which Vice-Admiral Percy Royds presided, some 300 members of the League attended.

In April, a junior branch of the League was formed to enlist young ex-patients between the ages of 6 and 16. They are known as "The All Help League Crusaders," and each member is given a Crusader's Badge and a collecting box. A Crusaders' Christmas Party was given in the Hospital and it is encouraging to note that collections amounting to over £30 were handed in on the occasion. Membership of this section of the League is increasing rapidly, and we are sure that much material benefit to the Hospital will result.

It is sincerely hoped that members of the League, including its junior branch, will all do their utmost to maintain that high level of helpfulness which has been characteristic of the League since its foundation.

ALMONER'S REPORT.—With the continued help of our many friends and various Charitable Organisations, we have been enabled to carry out the after-care recommended for our patients, and the work of the Department has been maintained during the year.

In addition to 679 of our patients who went to Clacton, we sent 381 in-patients and 148 out-patients to other Convalescent Homes of which number 160 were children and, in addition, 88 patients to the Schiff Home of Recovery at Cobham.

77 adult patients and 5 children have received Sanatorium treatment.

We have supplied 329 surgical appliances to those patients who have been admitted to the Wards, and 991 to out-patients.

The total expense of these services and those incurred by the hire of ambulances, railway fares, etc., amounted to £3,646 14s. 7d. Patients themselves paid what they could afford, and the balance was met from our Funds in the following manner :—

	Dresden Assistance Fund.			Samaritan Fund.		
	£	s.	d.	£	s.	d.
Convalescence other than at Clacton ...	423	8	8	158	11	6
Fares and ambulances ...	179	3	1	97	9	9
Appliances ...	96	2	5	108	4	0
Grants to poor patients ...	3	3	4	16	12	3

From the George Balfour Black Fund £76 12s. 9d. was spent in assisting patients suffering from cancer. From the Dental Fund £67 0s. 3d. was used to help patients with the supply of Dentures.

The total receipts for the year from and on behalf of in- and out-patients, amounted to £26,287 0s. 10d., which sum includes contributions from the Hospital Saturday Fund, the Hospital Saving Association, and £1,280 11s. 8d. from Approved Societies ; also £1,640 13s. 5d. in respect of our Convalescent Home at Clacton-on-Sea. These figures show an increase on those of last year.

INFANT WELFARE DEPARTMENT.—Statistics show that the work done in 1932 is the same in volume as the previous year. Attendances of children numbered 7,910, and of expectant mothers 460.

Owing to the kindness of various official bodies and individuals we have had five lectures to parents this year. These are much appreciated and are of instructional value.

The work of the Department is being carried out efficiently and has a most valuable and widespread effect in the field of preventive medicine.

It is a pleasure to record our deep gratitude to our 17 regular voluntary helpers and especially to Miss Matthews, who has given over two years' full-time help. The work of the Department could not be done on its present scale without all this voluntary work.

Our very warm thanks are also due to Mrs. Colman who took, in relays throughout the summer, two mothers with their babies for a fortnight's rest in the country at Gomshall without making any charge.

We have pleasure in acknowledging our indebtedness to the Red Cross Society and many individuals for their help in supplying knitted garments.

Last summer the Medical School suffered a loss through the death of Sir George Marjoribanks. For many years he had held the post of Honorary Treasurer of the Hospital, and he was up to the last a member of the Finance Committee of the School, in which capacity he had often given us the benefit of his great experience in order to assist us in decisions concerning finance. In him we lost a great friend.

Apart from this the year has been one marked by many distinctions gained by members of our Staff, and by past and present pupils of the School. Sir James Kingston Fowler, who has long been our Senior Consulting Physician, has increased the honours already conferred on

him by receiving the Order of Knight Commander of St. Michael and St. George. The Royal College of Physicians have appointed our Senior Physician, Dr. R. A. Young, to the post of Senior Censor, a distinction which has not been held by a member of our Staff for many years past. Dr. C. E. Lakin delivered the Lumleian Lectures before that College at the beginning of this year, and at a recent meeting the College conferred its Fellowship upon Dr. Douglas McAlpine, Dr. D. T. Davies and Dr. T. W. J. Johnson. Dr. Johnson came to Middlesex in 1910 as the second winner of the New Zealand Scholarship; he has since had a distinguished career in Auckland, New Zealand.

The result of a recent election at the Royal College of Surgeons has placed this Medical School in what is almost a unique position, for the Council of that College now includes Mr. Sampson Handley, who is its Senior Vice-President, whilst Mr. Victor Bonney, Mr. Gordon-Taylor and Mr. Webb-Johnson are members. The colleagues and the pupils of these gentlemen are extremely proud of the distinction which has thus been brought to our School.

In recent years I have had the pleasure of announcing the appointment of certain of our Registrars to the honorary staffs of other teaching hospitals; last year Mr. A. C. MacLeod who was a student, house officer and registrar at Middlesex, has had the honour of being made Assistant Surgeon to Charing Cross Hospital.

Certain important research scholarships and fellowships have also been won; Mr. D. H. Patey, of our Surgical Staff, has been awarded the Streatfield Scholarship of the Royal College of Physicians and Surgeons; Dr. J. N. O'Reilly has received the Dorothy Temple Cross Research Fellowship in Tuberculosis, awarded by the Medical Research Council and the University of Oxford has given the George Herbert Hunt Traveling Scholarship to Mr. J. C. Leedham-Green.

It is also my privilege to announce certain important successes in the higher Medical and Surgical Examinations:—Dr. J. G. Scadding has received the Degree of Doctor of Medicine with the Gold Medal of the University of London, and Mr. P. B. Ascroft has been awarded the Degree of Master of Surgery and the Gold Medal in that subject by the same University. The M.D. Degree has also been gained by Drs. A. L. Banks, M. Kremer, and I. McPherson, and Mr. Philip Wiles has received his Mastership in Surgery. Mr. P. B. Ascroft and Mr. C. S. Hallpike have both achieved the Fellowship of the Royal College of Surgeons, and Drs. F. P. Lee Lander, A. M. Nussbrecher, J. G. Scadding, M. Kremer,

and J. N. O'Reilly, have been made Members of the Royal College of Physicians. To those who appreciate not only the very high standard of such examinations, but the intense competition which prevails, the list which I have just given must be an imposing one.

The Medical School has now become so large that it is not practicable to give you a full list of names of gentlemen who have secured other degrees and diplomas, but that list is, I can assure you, altogether satisfactory.

Medical education being the first object of the Medical School it is pleasing to note that the constantly increasing numbers of students coming to us is good evidence that we are fulfilling our duty. The world crisis has reminded many people that the learned professions still offer opportunities in life at least as secure as those of the business world, and I believe that I am right in saying that the Middlesex Hospital Medical School has earned a reputation for scholarship and teaching which is making it more and more attractive to pupils and their parents. I am glad to say that the entry this year promises to be equal to the very large entry of October last. As regards Post-Graduate education, the Council of the Medical School has been able to afford important facilities for medical men from distant parts of the Empire who have come to us to continue work in the higher branches of Medicine and Pathology.

But it would be misleading to suggest that the financial crisis has in no way affected us. Apart from education, we have very important obligations in connection with research. Thanks to the great generosity of Donors in the past, many of our University Chairs are permanently endowed, and we have other important endowments which to some extent cover the salaries of Assistants and the costs of research. A legacy of £10,000 has been received during the past year from the Executors of the late Mrs. S. F. C. L. Philpott; the income from this will be a most valuable addition to our resources. The British Empire Cancer Campaign last year repeated their generous grant towards the cost of our work in that particular branch of medical research, and the Council of the Medical School has been able to keep our research departments in general working at the same high level as has been the case in previous years. A most careful review has been made of the financial situation and such economies have been effected as could be made without interfering with this research work. This task has been made easier owing to a munificent gift of £20,000 from Mr. S. A. Courtauld, a gift which brings the total of his benefactions to the School to the sum of £100,000.

Mr. Courtauld has intimated that it is his wish that this gift shall be used in order to stabilise the income of the School during the present time of universal stress ; it will enable us to carry on scientific research unhampered, and will ultimately be employed for financing further research work in Biochemistry. We appreciate Mr. Courtauld's gift very deeply, not only because coming now it relieves us from much anxiety, but also because it shows his realisation of the fact that the building of splendid laboratories and the endowment of University Chairs carries with it the obligation of providing a staff and materials which, if their cost is unendowed, places a heavy financial responsibility on the fortunate institution which receives them. The Samuel Augustine Courtauld Institute of Biochemistry will, before long, be so endowed that it will be completely self-supporting.

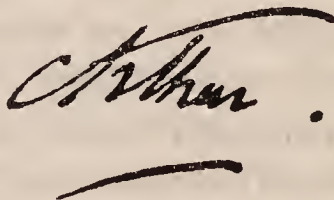

At a time when so many institutions have been obliged to cut down their work, and others have had to impose all-round cuts in salary, we can, I think, be proud of the fact that we are working full time, and that our staffs are unimpaired. It would be foolish to suggest that these are not somewhat anxious days for the Middlesex Hospital and its Medical School, but they are days which are full of hope, and indeed of confidence.

I think our Report shows you one of the great National Hospitals still, even in one of the most difficult of years, living up to its reputation. We have not fallen below our own standards, either in the care of patients or in the ceaseless warfare against disease. It is for the public which, directly or indirectly, benefits by the work of the Middlesex to see that that work is adequately supported.

I have the honour to be,

My Lords, Ladies and Gentlemen,

Your obedient Servant,

A handwritten signature in dark ink, appearing to read 'C. Courtauld', with a long horizontal flourish underneath.

Chairman.

THEIR QUALIFICATIONS, RIGHTS, AND PRIVILEGES.

1. Annual Subscribers of *Three Guineas or upwards* to the Hospital's General Fund, to the Middlesex Branch Hospital and Hulke Endowed Home, Clacton-on-Sea, to the Cancer Wing, to the Cancer Research Fund, to the Reconstruction Fund, or to the Medical School, are entitled to be Governors so long as their Subscriptions are paid.

3. Honorary Governors are appointed, and the propriety of making such appointments is first considered by the Board, and then submitted for the consideration and approval of a Court of Governors.

4. Honorary Governors have, from the day of their appointment, the same rights and privileges in all respects as Life Governors. In cases of Bequests of *Two Hundred Pounds and under Five Hundred Pounds*, one of the Executors under the will is eligible for appointment as an Honorary Governor.

5. All Governors have the right of attending the Courts of Governors, but Governors who are in arrear with their subscriptions are not entitled to speak or vote at any such Court or to serve on any Board or Committee appointed in accordance with the Laws of the Hospital, and Governors who are new Annual Subscribers or Donors are not entitled to speak or vote at any such Court or to serve on any such Board or Committee unless their subscriptions or donations have been paid at least three calendar months previously, and Governors being Salaried Officers or holding similar offices, or being Students or Servants of the Hospital, are not entitled to speak or vote at any such Court, or to serve on any such Committee, and are not entitled to speak, vote, or serve at or on any such Court, Board, or Committee for one year after they have ceased to be such Salaried Officers, to hold such similar Offices or to be such Students or Servants, unless specially authorised so to do by the Board.
